Program Description

This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in the Health Science career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of Health Science career cluster.

This program is designed to prepare students for employment as nursing assistants, nursing aids, and orderlies, nurse aides in nursing homes or SOC Code 31-1014 Nursing Assistants.

The content includes, but is not limited to, interpersonal skills, medical terminology, legal and ethical responsibilities, safe and efficient work, gerontology, nutrition, pet-facilitated therapy, health and safety including Cardio-pulmonary Resuscitation (CPR)- heart saver level, and employability skills.

Licensure/Certification

A certificate of completion is awarded to a student upon successful completion of all program requirements. In order to be eligible for hire, the student must pass the State Examination for Nursing Assistant and receive the designation of Certified Nursing Assistant (CNA).
