### **Program Description**

The Facials Specialty program prepares students for a career in the professional care of the skin. The program provides students training in scientific principles and fundamentals related to the structure and function of the skin, bacteriology, sanitation procedures, chemistry, and electricity. Students will receive instructions on basic facials, skin analysis and protocols, massage techniques during facial manipulations, hair removal, color theory, make-up application, lash application, and brow and lash tinting.

The content also includes Florida law and Board of Cosmetology rules, ethics, human relations, sales techniques, business management, employability skills, and safe, efficient work practices.

### **Licensure/Certification**

A certificate of completion is awarded to a student upon successful completion of all program requirements. Students must complete a Board of Cosmetology approved 4-Hour HIV/AIDS course before the certificate is awarded. Students must complete an application with the Board of Cosmetology on the Department of Business & Professional Regulation's (DBPR) website for their specialty registration in order to work as a Facial Specialist. (Fees for the application are included in the cost of the program.) [Board of Cosmetology website](#)
